

GERMANY BETWEEN WAR AND INVASION

Conference To Select Philipp for Fourth Term

BREAK LOOMS AS ALLIES INSIST ON COAL DEMANDS

LLOYD GEORGE INFORMS BERLIN ENVOYS THAT HE IS "NOT BLUFFING."

CONFERENCE HELD

Efforts Being Made at Spa to Prevent Split Over Treaty.

Spa, July 14.—The members of the German cabinet here held a meeting this afternoon. Dr. Walter Simon, German foreign minister, just before going into the meeting said: "Germany is between civil war and invasion."

Ignace Jan Paderewski, former Polish premier, arrived at Spa today. He refused to receive the newspaper correspondents.

Conferences Are Held. In an effort to compose the differences between the Germans and the allies over the question of coal deliveries by Germany and prevent a break-up of the conference here a series of informal conferences was arranged early this afternoon.

Following a brief talk which the secretary of Dr. Walter Simon, the German foreign minister, had with Lloyd George, at the Villa Frainville this noon, it was stated that conferences looking to this end were being held between one between the British premier and the German foreign minister at Mr. Lloyd George's hotel, to be followed by a meeting between Premier Lloyd George and Premier Millerand of France.

U. S. EXPERTS CONCERNED IN ALLIED ESTIMATES. Washington, July 14.—Experts of the United States government have examined the capacity of Germany to deliver coal allotted to the allies have concurred in the estimate that Germany can deliver 3,000,000 tons of coal a month by Germany.

PLAN CANVASS OF PROPERTY OWNERS ON STREET PAVING

Carelessness of property owners in failing to notify the city clerk as to how they wish to pay their paving assessments has caused the city engineer to plan a canvass of all those who have not returned the assessment card. The canvass will be given the mayor by the council Monday night after he had explained the situation. "Many of the people say no relation to these notices," said the mayor. "I want to make a last appeal to property owners on streets to be paved to send back to the city the assessment card, and to let them know whether they desire to pay cash or to pay the sum by 10-year street improvement bonds at 6 per cent.

"The man whom I am going to appoint will visit property owners and explain the methods of paying for paving. If they will be prompt in this matter it will not be necessary to put the city to any expense at least for the next year. We can check up on those who have already sent in their notices."

GOV. COX ANSWERS HARDING'S CHARGE

Columbus, Ohio, July 14.—Chargé that Senator Harding, the republican nominee, had been "bought" by Gov. Cox, the democratic nominee today issued a statement replying to Senator Harding's statement that the administration had saddled the league of nations upon him as the chief campaign issue.

ARMY RECRUITERS HERE TILL AUG. 1

Recruiting for all branches of the regular army, Sect. 1, 1st Infantry and Corp. Gideon Dostie have opened headquarters in the Y. M. C. A. here to remain until August 1. They have been conducting recruiting drives in a score of surrounding small towns. Both men members of the 1st Infantry, fourth division.

La Follette Is Not Candidate For New Party

[SPECIAL TO THE GAZETTE.] Madison, July 14.—Senator La Follette sent a telegram to the third party managers last night declining to be a candidate for the presidency and requesting that his name not be presented. He is actively interested in making the platform and the contest today in the platform building centers around the La Follette plans and suggestions. No one is empowered to say what attitude the senator will take in reference to the ticket named or whether he will continue within the republican party or not. If the plans in the new party platform he suggests are adopted.

3RD PARTY HEARS FUSION PLATFORM

Dissatisfaction Evident in Ranks of Labor and 48ers.

[BY ASSOCIATED PRESS.] Chicago, July 14.—Little progress was made by the new fusion party during the first hours of its convention today and an under current of dissatisfaction was throughout the meeting. More required the pleas of the leaders and constant conferences to keep open breaks from cropping out.

Senator La Follette does not "deem himself available as a candidate" for the new party presidential nominee. He sent word to the convention that he did not want the nomination.

Immediately after Chalmers Walker had announced La Follette's decision not to accept the nomination, Lester Barlow, leader of the World War veterans, entered the hall and demanded that La Follette be drafted despite his wishes.

Chalmers Convention Bosses. He charged that the convention was "boss ridden, by a secret intrigues, and that its leaders were afraid of the convention would adopt it. His passionate appeal started an uproar and delegates demanded the platform be voted.

At the psychological moment some one swung a large photograph of the Wisconsin Senator before the delegates and it drew it in an American flag. The Non-partisan league from the Dakotas started a parade with the state standards and a banner which read "We are not a party, we are a platform."

A majority report of the platform committee of the fusion party was read and the labor party was partially prepared today. It represented chiefly the labor party opinion and members of the committee of 48 and the fusion party.

In consequence, a part of the majority report was still, however, the fusion party is endeavoring to reconcile the difference.

SUPERIOR LOSES ON CENSUS REPORT

Washington, July 14.—Census figures announced today are as follows: Superior, Wis., 39,624, decrease 760 or 1.9 per cent.

Avoid a "Wild Goose Chase"

You can hardly make a mistake buying real estate at prevailing prices anywhere in this city. The future looks bright and that means increased real estate values and prices. The position in a business-like manner. Don't start out on a "wild goose chase," trusting to luck in finding a bargain. Go where all the bargains are to be found—the real estate ads on the classified pages in the GAZETTE. List all the properties that seem to suit you from the descriptions and prices given and then have the places shown you by the dealer. In this way you are pretty sure to make a wise and fortunate purchase.

Mayor Renews Attack on School Board

Sisters Help Harding

Mrs. R. H. Votaw (left) and Abigail Harding. These two sisters of Senator Harding will make their home with him this summer and assist in the entertaining of the thousands who will come to Marion to see the G. O. P. nominee. The picture was taken in Marion a few days ago.

ATTEMPT TO FIRE SIEBECKER WILL BIG BARN, FOILED SUCCEED WINSLOW

Sheriff Confiscates Infernal Machine of Incendiary—Investigation On.

A rudely constructed "bombing apparatus" was found in the lot of the James R. Thompson barn, six miles north of Janesville, Tuesday evening by Thompson's son, Robert Young Thompson, was pitching hay when his attention was attracted to a large, six inches long, tapering at both ends, and filled with oil saturated gun cotton. This was crudely fastened to a two foot board.

Although the fuse had been lighted, it failed to explode the machine and set fire to the barn which Fred Bely, sheriff, believes was the motive. He is now working on a case of espionage. "I can't, however, disclose this until I have more fully established proof and until have an analysis of the contents made," he said, sending it to the state fire marshal today.

The Thompson barn is a large modern building and a fire which started in the barn was reported to Archie Cullon, superintendent of the county farm, Tuesday evening by James Thompson.

Sheriff Bely notified the state fire marshal to file fire bug apparatus. In the afternoon a telephone message came to Mr. Sherer, of the fire marshal's office would arrive in Janesville tonight to make an investigation.

SALVATION ARMY HEAD TRANSFERRED

Friends of Captain and Mrs. J. H. Connor, commanders of the Janesville Salvation Army barracks for the past three years, learned with regret today that they had been transferred from the city. They will leave a week from Thursday for Marquette, Mich.

Arrangements look form today for a farewell to be given them next Sunday.

Both made a host of friends in the city. The organization here prospered during the closing years of the war they were active in campaign work for the service men. Their charities have meant much to the city's unfortunate.

Who will succeed Capt. Connor at the local barracks is not known.

New York.—Salaries of municipal employees voted increased 20 per cent by the board of aldermen.

CITY SHOULD HAVE NEGRO COLONY; SAY REAL ESTATE MEN

IMMEDIATE ACTION NECESSARY IS BELIEF OF REALTY BOARD MEMBERS.

To relieve Janesville of conditions such as are existing in Beloit and other rapidly expanding industrial cities of the north the Janesville Realty board Tuesday night placed itself behind a movement to develop a plan to keep the colored man in his place. The board will call a meeting at an early date. City officials are planning to commission the Chamber of Commerce, the Building and Loan association, the Women's Federation and other city bodies will be invited. Unanimous opinion was that the remedy should be applied now rather than when the condition is such, from inattention that negro settlements are scattered throughout the city.

Several plans for zoning colored folk were advocated. That the negro both industrially and socially, is not wanted in Janesville by the realty men, and from their personal observations not wanted by the people of the city was the statement constantly reiterated.

General Motors officials will not import this type of labor until all other resources are exhausted, but it was said, this assurance is not binding and other industries which are sure to locate in Janesville may not be so scrupulous in their civic desires.

Fisher Main Speaker. Arthur M. Fisher, attorney, 433 North Terrace street, was the principal speaker. He showed the map of the city, showing the location of the proposed colony. He said that the colony would be a place where the negro could live and work, and that it would be a place where the white man could live and work. He said that the colony would be a place where the negro could live and work, and that it would be a place where the white man could live and work.

When asked to sign a petition showing the "booth" of the negro population since the Civil War, Mr. Fisher told of conditions that Beloit, Chicago, Minneapolis and Evanston are taking the time to place the negro in a colony. He said that the colony would be a place where the negro could live and work, and that it would be a place where the white man could live and work.

Urges Immediate Action. Drawing attention to figures showing the "booth" of the negro population since the Civil War, Mr. Fisher told of conditions that Beloit, Chicago, Minneapolis and Evanston are taking the time to place the negro in a colony. He said that the colony would be a place where the negro could live and work, and that it would be a place where the white man could live and work.

City Will Submit To Reasonable Fare Commission Told (By Special Correspondent.)

Madison, July 14.—City Attorney Roger G. Cunningham, representing Janesville before the railroad commission this morning in the petition for a reasonable fare to the city of Janesville, Rockford and Interurban company and the Janesville Traction company for permission to increase their fares, declared that he would take the position that it is opposed to any unreasonable increase in rates but that the city is willing to submit to a reasonable and just rates in rates.

Both cases went to the commission for consideration and award.

William H. Dougherty, Janesville, attorney for both lines, and W. A. Sparks, general manager of the interurban company, entered testimony.

An application for increased fares asks for the interurban lines, Janesville to Beloit, an increase from 35 cents for ticket fare to 42 cents, and from 40 cents cash fare to 45 cents. For city car lines an increase is wanted at 10 cents straight cash fare with 5 cents for school children and 7 tickets for 50 cents.

Daylight Saving To Be Abandoned In Stockyards

Chicago, July 14.—Daylight saving time will be abandoned at the Chicago stockyards tomorrow, it was announced today. It was explained that the necessity for daylight saving time had been removed by the change and that since the double time standard went into effect deliveries had been running in hours.

Expressions of regret and laudatory were general among the attorneys of the city upon learning of the death of the head of the supreme court of the state.

Socialistic Grip of State Condemned By Conservatives

Republican Conference at Madison Scores Conduct of La Follette Delegates at National Convention; Cady Delivers Key-note Address.

Madison, July 14.—When the session of the republicans opened at 2 o'clock this afternoon it was the expressed belief of the leaders that before adjournment Governor Emmanuel Philipp would be nominated as the candidate of the conference for governor. He had indicated his willingness to accept if the members of the conference demanded his entering the field.

[BY ASSOCIATED PRESS.] Madison, July 14.—Condemnation of the conduct of the La Follette delegates at the national republican convention; a denunciation of the activities of the Nonpartisan league and a warning to the farmers and laboring men to awake to the menace of socialistic policies, were the features of the keynote address delivered by Samuel H. Cady, Green Bay, before what is termed the conservative republican state conference to select a state ticket, in the university gymnasium this afternoon.

As the meeting convened the indications were that Gov. Philipp would be renamed, although he has issued a statement that he would rather the honor would go to another and Mr. Cady voiced the sentiment in his speech.

"The major part of the delegates elected to the recent republican national convention were not republicans," said Mr. Cady, "they were socialists and non-partisan leaguers; this is shown by their vote; it is shown by their being out of harmony with the convention in every particular; their platform, their arguments and their votes would have been in harmony with a national convention of socialists or non-partisan leaguers."

Delegates Were Socialists. "Conspicuous members of the socialist party and of the Nonpartisan league prominently participated in electing these so-called republican delegates; Berger, head of the socialists in the state, openly boasted that the republicans were elected by the socialists; no wonder that they repudiated the platform adopted and the candidates chosen by the convention."

When the so-called republicans in Wisconsin are not wolves in sheep's clothing. There is a host of honest, thinking men and women of the state, in all walks of life, whose non and sympathies respond to the plain, straightforward, unfinching declaration of principles found in that masterly document, the 1920 republican platform.

Want Harding for President. "There is likewise a host of patriotic, country-loving and forward-looking men and women of the state, who want a president, who would stand for the principles of the United States, not one more autocratic than the czar of Russia nor the emperor of Germany ever dreamed of being; they want a man for president who is big enough to cope with the problems of state."

He pointed to Warren G. Harding, presidential nominee of the republicans, as the man who would lead the nation out of its present predicament, as such a man.

Mr. Cady then praised the republican platform and the nominees.

Lamented Party Disgrace. "But the Wisconsin delegates," declared Mr. Cady, "and they only, refused to endorse the candidacy of these men. Oh, the pity of it, the disgrace of it."

What is the state of Wisconsin going to do in the coming election? What are the republicans of the state going to do? Are they going to repudiate the platform and the candidates of the national republican convention, or are they going to repudiate the delegates who misrepresented the Wisconsin people?

REDS CONTINUE IN ADVANCES ON POLES, CROSS RIVER GORYN

London, July 14.—Further advances by the bolshevik in their campaign against the Poles are reported in today's official communiqué received by wireless from Moscow today. The statement reads:

"In the direction of Rovno we crossed the river Goryn, 20 miles southwest of Rovno and are developing our advance. Poles fighting is proceeding in our favor."

"In the direction of Lida we have occupied the railway station at Prudy and Polotsk and Ushatichka."

"On the direction of Baranovichi we have driven the enemy from his position on the river Svistloch and occupied Mikhanovichi and Stazon. Our advance along the entire front is continuing to develop successfully."

JURY TO TRY GEARY, GUNMAN, CALLED

Chicago, July 14.—A special venire of 100 was summoned today for the trial of Gene Geary, a gunman and labor feudist. Geary is to be tried for the murder of Harry J. Reckas, a Berlin policeman, who was shot and killed supposedly without provocation. The gunman was acquitted several months ago on a charge of murdering a taxi driver.

HANGMEN STRIKE FOR HIGHER WAGES, FOR DEATH JOBS

London, July 14.—The hangmen of Germany have gone on strike for increased wages, says a Berlin dispatch to the Exchange Telegraph today, quoting German newspapers.

MAY INCORPORATE TO BUILD PAVILION

Real estate inactivity in Janesville continues on the slump started about six weeks ago. The average of transfers for a week stands around 150 sales, with some days passing with only 100 sales. In the office of the register of deeds.

Belief among real estate men is that this situation will continue through the summer months.

Comment of brokers is that the present situation is only a natural drop that was bound to come after the great amount of activity changed hands in the year.

While it is believed that activity in the building line will add several homes this summer, new projects along any large scale will be for more moderate priced dwellings. Observers declare that the \$6,000 and above residences are too expensive for the ordinary home seeker.

TWO INQUESTS ON WHALEY'S PROGRAM

Boscio Confesses to Murder of Young Italian in Beloit.

Coronel Lynn A. Whaley go to hold early Thursday morning to two inquests. The first, at 9 o'clock, will concern the death of Edwin Murdoch, who died of injuries received at the Fairbanks-Morse plant.

The second, at 10 o'clock, concerns the murder of young Italian, named by the victim in a dying statement as the criminal, confessed at Rockford yesterday. Winnebago county authorities, the coroner, prosecuting attorney and the sheriff, will attend the inquest as prosecution.

The inquest will be held at the Beloit jail. The fact that the victim was in Wisconsin, while the crime was committed in Illinois, is a legal question.

The Stordock, who was well known in Janesville. He had been a frequent visitor here for the past two years.

Was Black Hand Plot. Callahan, Boscio, late of Rock Island, Ill., sat in the state attorney's office in the Winnebago county court house at Rockford yesterday and calmly told that he murdered a young Italian, just over the state line in South Beloit, Friday.

Black Hand plot, the authorities are suppressing the details. Told Torrici first.

Confronted by the confession of Joe Frazzito who was named in Frazzito's statement that it was Frazzito who held him while "Charley did it," Boscio gave his formal statement to the authorities, six hours after he was arrested.

He admitted that he had killed him. It was an old fight.

What Smart Women Wear

Apron Effects on Frocks Continue to Grow in Popularity—Wooden Beads and Bracelets a Novelty.

One of the prettiest feminine fashions of all time is the apron. An apron has the double nature of security and utility. It may be either one or the other or both, and in that resembles the fan.

So it is with pleasure that I have noted the prominence given to the apron, this season. So many charming ways have been found of using it. There is, for instance, the apron that is of the same material as the frock, say as an illustration, a black taffeta. This apron usually has full ruffles of tulle growing wider towards the hips, to give a pannier effect. For further accentuation of this effect a similar ruffled apron may be added at the back.

Then there is the elaborate apron of white batiste and lace, used on frocks of tulle, naid and black, or even serge. For such you remember among other the bib-apron effect of lace and chiffon running down the front of a blue serge frock of mine. It was in with the "Kearney" and it was shown sketched in this column earlier in the season.

Wooden beads enameled and decorated are among the season's novelties. They may be strung close together in irregular sizes and any color you wish, or hung on silken cords with hand-painted wooden plaques to match.

Another use for the wooden beads is to use it to weight and adorn sash ends, a rose-and-gold or a turquoise-and-silver bead on a black satin sash. Bracelets are also made from them, and slender, or painted bracelets are made from wood itself.

seen in the bead shop—slender bracelets of wood, enameled and decorated in bright colors, orange, emerald-green, royal blue. These were also suggested as bag handles, and to be used in contrasting shades, say, an orange and green, a red and a blue.

Necktie—A campaign to strengthen grange societies throughout the state of Wisconsin is to be conducted this summer. Canvases of Winnebago county was started Monday under the direction of W. H. Jones, Perry, Wis., and Manitowish counties come next on the list.

WOODMEN TO PICNIC AT YOST'S, SUNDAY
A baseball game between Janesville and Beloit and various races will be features of the annual Woodmen's picnic to be held Sunday at Yost's park. Lunch will be served at noon.

Cash prizes are to be given winners of the married women's clothes race, pin race, sack race, three-legged race, fat men's race, and all the other races scheduled for the afternoon. The program was not driving and ball throwing contests are other attractions.

It is hoped that all members of the local camp can arrange to be present.

Appleton—The will of the late William Buchanan, founder of the Appleton Wire Works, bequeaths all but \$25,000 of a \$200,000 estate to J. L. Hettlinger, a friend of the family, to be held in trust during the lifetime of the widow, and specifies that Mr. Hettlinger shall not be required to give bond for the faithful administration of the estate. The sum of \$25,000 is to be paid as soon as possible to the widow.

After the death of Mrs. Buchanan, Mr. Hettlinger is expected to pay \$10,000 to the First Congregational church here, of which the decedent was a member, and sums ranging from \$12,500 to \$10,000 to sons, grand children and nephews of the testator. The remainder of the estate is to be given to the only daughter of the decedent, Miss Annette L. Buchanan, who now approximately \$100,000 from the estate.

Ashland—George F. Francombe, pastor of the Ashland Methodist church, will quit the ministry at the end of August, so far as the local church is concerned. The long continued illness of his wife is the cause. He has entered the ministry of the community mission evangelistic work at Waukegan, Ill., beginning September 1. He has had experience in this particular line in Bristol, England, and in this country has been pastor at Beloit, Janesville, Madison, Milwaukee, and at Ashland.

LAD IS KILLED BY HIS FATHER DRIVING TRUCK INTO YARD

Edgerton, July 14.—A distressing accident occurred at about 7:30 last evening when D. C. Page, driver of the Standard Oil Wagon, while going into the yard of his home ran down his son of 4 years of age with fatal effects. The little fellow was trying to climb on the truck and in some way fell and was instantly killed.

Miss Lenore Burdick who has been a visitor at the home of her sister, Mrs. Marshall Robson, at Stoughton, has returned home.

How Much is a Million?

The moment you mention a million dollars to some people, they are antagonistic.

They imagine that a million dollars represents a tremendous part of the national wealth.

Instead it represents only one penny for each inhabitant of our country.

Swift & Company last year had an output of 5,500,000,000 pounds. A profit of one cent per pound would have resulted in \$55,000,000.

The actual net profit was \$14,000,000 or one-fourth of what we would have made had the profit been at the rate of 1 cent a pound.

An average profit of only a fraction of a cent per pound indicates a highly competitive condition in the industry and also proves our assertion that packer profits have practically no effect on prices.

500 GATHER FOR BIG SCHOOL MEET

Vital Subjects Discussed by Three Speakers on Morning Program.

Cooperation between parents, teachers, children, and members of the school boards; recent laws affecting rural schools; the heavy responsibility resting on school boards; and the problem of getting the best teachers possible were the main subjects discussed in the morning session of the annual district school board convention and teachers' institute held today in the auditorium of the high school.

"Let us go over a bit of good out of this meeting that we can take back to our school districts," said O. Antisdel, county superintendent, before the audience of about 500.

"Recent school laws, embracing the legal certification of teachers, and consolidation of schools, were discussed by Mr. Antisdel. He spoke of the good work accomplished by the county of Miss Anna Luettich, county nurse.

Douglas Urges Cooperation. "It is my heart with my heart? Then give me thy hand," was the sentimental quotation used by W. J. Douglas, Beloit, in his address, "How School Boards Should Help."

Douglas emphasized the necessity for cooperation between the school board and the teacher. Their hearts should be in the work, all joining hands in the movement to make the school the best possible.

"The first interest of the school board is to make the best and most efficient school possible," said Mr. Douglas, "and the community must cooperate with the school board; and the teachers, children, parents, and school boards must all cooperate to make the school a community affair."

Progress Is Watchword. "Our school system of today is undergoing a great change. The district school as we know it is dying, and the school board has the responsibility of creating a new school system out of the new conditions. We members of the school board must be sensitive to the new conditions; we must give up; we must progress," concluded Mr. Douglas.

Is education actually worth while for the boys and girls? queried S. M. Thomas, Madison, state inspector of graded schools in his address on "The Teachers' Program," going on to present statistics showing how a school is a paying institution in the terms of dollars and cents.

Boys leaving school at the age of sixteen were able to earn \$2,000 more in seven years than the boys and girls leaving school at eleven years.

Good Teachers Needed. "The teacher problem," added Mr. Thomas, "is the problem for every boy and girl in America."

When results are shown in diploma examinations that prove the ability of teaching efficiency of teachers having special training over the special licensed teachers, then people can see the absolute necessity for providing their children with teachers having the best training possible, and Mr. Thomas showed by quotations from exact figures that pupils cannot do their best unless the teacher is of the very best.

Community slaying preceded the afternoon session at 1:15 o'clock. "School District Reports," Mr. Antisdel; "Consolidation and Transportation," Mr. Thomas; and "A Good Education for a Country Child," Supt. F. O. Holt were subjects and speakers on the afternoon program.

GUERNSEY BREEDERS OF SOUTHERN PART OF STATE ORGANIZE

The Southern Wisconsin Guernsey Breeders' association was organized at a meeting of Guernsey men at the office of Dr. W. A. Munn, this city, Tuesday night. Twenty-first were present from Rock, Walworth, Green, Jefferson, Dane and Kenosha counties. Professor Hulce of the University of Wisconsin addressed the caucus.

Election of Dr. Munn as temporary chairman and M. S. Kellogg as temporary secretary was the first step in permanent organization. A committee, composed of Dr. Munn, Mr. Munn, secretary of the Jefferson County Guernsey Breeders' association, and Mr. Murphy, manager of the Tilden farms, Delavan, was named to draw up a constitution and perfect a permanent organization.

The next meeting will be held at Whitewater, July 27. Plans are being made to hold a Guernsey sale for southern Wisconsin at the fair grounds here October 14.

JANESVILLE MAN KILLED BY TRAIN

Walter Walsh Dragged Nearly Half Mile After Hit by Fast Passenger.

Struck by a fast moving north-bound train, Walter J. Walsh, this city, was instantly killed last night five miles out of Neenah.

Walsh, who is a traveling salesman for the John C. Nichols Hardware company, was alone in his car when hit. He was on his way to meet a customer in Dale, Wis. He was dragged almost a half mile by the train, reports say.

He came here from Rockford, six years ago, to live at 211 South Main street. He is survived by his wife and two children, Ben and Mildred, and by his father, two brothers and three sisters, Rockford.

The funeral services will be held from the home at 1:30 Thursday afternoon. Interment will be at Cherry Valley, Ill.

Negro Colony Plan Of Real Estate Men

(Continued from Page 1.) colored people here. He advocates organization of a company of business men and property owners to buy a tract of land for the colony. He cited instances to show the negro knows he is not wanted in this section, and that general feeling is strong against him.

A. T. Mosher declared it is characteristic of the race that it follows the color line, and when the leaders establish dwellings many others follow.

Children Form Problem. "The colored children form another problem," continued Mr. Mosher. "In Beloit parents of white children are objecting against the presence of the blacks. If we have many negroes here we will meet the same situation. We must prepare now. A school house will be necessary. You will find that where there are many blacks their standard of morals becomes pronounced and morally outstanding against ours. The manufacturing situation makes the problem more serious."

Is Difficult Task. "No matter where you attempt to segregate them, you will anger the immediate neighborhood," said William Casey of the Sheridan and Casey company. "It will be a pretty difficult problem to take any means to segregate them. Yet it can be done."

W. J. Cannon told of Beloit and Rockford's problems and experiences with the blacks.

Mr. Casey, I. J. Fletcher and Richard H. Taylor were selected as the committee to arrange for the meeting of interested citizens and civic organizations.

The meeting last night was at the Grand hotel. Dinner was served at 6:30.

GEISSLER SUFFERS BRAIN STORM

New York, July 14.—Bernard Geissler was paralytic and killed Mrs. Arthur De Cordova, his employer's wife on a lonely road near Stonington, Conn., last Monday night while suffering from a brain storm superinduced by drinking whiskey.

Dr. Florizel Meyer, husband of the dead woman's sister, declared here today.

Mr. De Cordova gave Geissler a clean bill as far as his 5 years' services as chauffeur for his family were concerned, except that he said the man seemed abnormally developed along religious lines, enough to suggest that he was the victim of religious mania.

"Geissler never drank to my knowledge and at times when I invited him to take a drink he declined because he said he touched nothing but beer," Mr. De Cordova said. "I am sure he drank some of the whiskey from the bottle in the car, but his doing so is foreign to everything I knew of him."

"He always showed devotion to the whole family, but never exhibited the slightest familiarity toward any of us."

13,000 People Have Savings Accounts in Five Janesville Banks

THAT old bogie, H. C. L., will have a hard time to hold his own in Janesville according to the number of savings accounts maintained in the five local banks. A total of 13,000 accounts have been opened in the five banks since the savings banks were organized. Bonds and mortgages held by depositors are not of course reckoned in with the savings.

A savings account is a most democratic institution. The person with \$1 is as welcome to the benefits of a savings account as the man with \$10,000, and can rely on the fact that his \$1 is treated with as much respect as the crowd of dollars in the \$10,000 account.

2,123 Safety Boxes Used. A great many people have valuables, jewelry, silver, mortgages and bonds that they want to keep in safe deposit boxes. A safe deposit box in the bank takes care of them for a small rental. Insuring the contents is not necessary. At the present time 2,123 of these safe deposit boxes are in use by depositors.

COWS SEEK REFUGE BY WIRE FENCE, ARE KILLED BY LIGHTNING

Upper, Wis., July 14.—Four cows belonging to Milt Cartier, a farmer here, were electrocuted during an electrical storm. Five of Cartier's cows took refuge against a wire fence, and were killed by lightning. Four were instantly killed when lightning struck the fence some distance away. The fifth cow was expected to die.

SPEED PAVEMENT. Laying of the brick surfacing on West Milwaukee street is being speeded. Starting yesterday morning at Academy, the block stretch to Locust street had been finished last night. Tonight should see the brick in place at the intersection of Milwaukee and Pleasant.

BRING YOUR OWN SACK. When the operation of a large steel gondola jarred loose this morning, enough soft coal to carry a couple of furnaces through the winter was scattered from the Point Academy street on the Milwaukee street right of way.

MANY DELINQUENTS. Police will be furnished Thursday with a list of dog owners who have not secured licenses; also with lists of contractors, taxi drivers, cigar makers and others who have failed to comply with the law. The announcement was made today by City Clerk E. J. Sartell.

BIKCYCLE FOUND. Another bicycle, recovered by police, is held at police headquarters.

SET FOR JULY 20. The case against M. F. Gilly, charged with contributing to the delinquency of a minor child, is set for July 20, municipal court. He retains his liberty on \$100 bail.

CLINTON MAN WANTED. Police here were asked today by the chief of police of Clinton, to be on the lookout for a man 21, wearing overalls and an army hat among other things. He is wanted for larceny.

CASE DISMISSED. The case of Page vs. Newell has been dismissed from municipal court. It involved a roadster alleged to have been unlawfully detained by the defendant.

TO PRISON THURSDAY. Billie Kurlin, 18, Beloit and his pal, Edna, 17, Ladysmith, will be taken to Green Bay tomorrow by Sheriff's Beley to start their terms of five years each for stealing the automobile of Edward J. Berghel, an Oxfordville farmer, here Saturday night.

CONG. RANDALL HERE. Congressman Clifford B. Randall is a visitor in the city today calling on friends. He is a candidate for reelection to the house of representatives from the first district.

MAN SOUGHT IN LOCAL ROBBERY. Theft of approximately \$100 worth of clothing and other articles from the home of John Koebelin, 1016 Carrington street, has been reported to the police. Koebelin's father left for Milwaukee today with the hope of ferreting out the suspect—a man who had been reported at the Koebelin home in the clothing store was stolen from another roomer, it was said.

SLEEPING YOUTH VISITS JANESVILLE

Charles Kellor, South Beloit youth who some time ago brought a lot of publicity to Oregon, Wis., on the C. and N. W. between here and Madison, with an attack of sleeping sickness, and from which he was awakened a week ago tonight, passed through Janesville, Tuesday, with his parents, enroute home. The most recent attack was his sixth. Chicago specialists declare that Kellor's coma are not typical examples of the disease, but appear to be more the result of a disarrangement of his nervous system.

Sending Money Away

Too many people are in the habit of sending cash through the mails.

This is not a good plan, especially if you are not well acquainted with those who are to receive it.

It is far better to send bank drafts. If these should get lost you can have them replaced.

If there is any question about the money later, the canceled draft can be gotten to prove that it was actually paid.

We will write drafts for you for any amount and thus help you avoid this risk.

CHANGE SAMSON BATTING ORDER TO CLEAN BASES

Too Many Men Left on Bases, Says Perring—Play Kenosha There This Week.

Complete change of the batting order of the Samson Tractor ball team has been made by Manager George Perring. The first tryout will be given next Saturday and Sunday at Kenosha against the Simmons Bed company of that place.

"We have been having too many men left on bases," said Manager George Perring. "While many baseball players are superstitious about changing a batting order so late as the team is winning, we are not superstitious. I believe the way we now will go to bat will clean up the bases. We made a start in the change Sunday and that was a fairly well."

Breck Starts Off

The new arrangement keeps Breck in the lead-off position. That will be quite satisfactory to all fans. It is getting on the base, whether it be by hit, a base on balls, or what not. Perring goes in as clean-up man.

The line-up is:

Breck, cf.; Schwab, ss.; Perring, 2b.; Elliott, 1b.; Beale, 1b.; Dunbar, rf.; Holland, 3b.; Shock, c.; pitchers.

Jagoe Manages Kenosha

The Kenosha club, which the Samsons play this week end, has improved considerably since the team was first organized. The manager, Jagoe, took the management a short time ago. They are being backed to the limit by the Samsons. The Kenosha team has a new manager, Jagoe, who is a very good manager. They are being backed to the limit by the Samsons. The Kenosha team has a new manager, Jagoe, who is a very good manager. They are being backed to the limit by the Samsons.

TRACTORS WILL PLAY WHITEWATER JULY 28

Samson Tractor ball team will play the Whitewater club of the Central state league at Whitewater on the afternoon of July 28.

The announcement has started a great amount of discussion in central league cities as to the state of the league and the Chicago league, the Samsons being a member of the latter. Whitewater bugs, loyalty, backing their own team, and the belief that the central circuit has it all over the other.

It is true that some of the players of the central circuit are classier than those of the Chicago league. But, clever twifter, holding a no-hit, no-run record made last Sunday. But the men of the Chicago league who have been attracted to factory league ball because of the chances of playing the game in the summer and having good jobs in the winter.

The outcome of the game will be interesting, to say the least.

Toledo.—A new world's record for a year old pacing geldings was hung up at the Fort Miami track when Rife Grenade paced the first mile in 2:06 1/4.

PIPE DREAMS ARE SAFEST
Here's a ring.
A simple thing.
Crested nor jeweled.
Small of measure.
Yet how few will
Doubt the treasure
It encircles.
Faint or pleasure,
Kind or cruel?

See, it speaks of all the bliss.
Of a heart's desire, of a garden,
Of the thrilling, bridal kiss.
Of the—oh, I beg you, garden,
Other charms that it possesses.
Let us simply leave to guesses.

Little ring.
Just one thing:
If you get her—
Don't deceive me—
Will you fret her
Make her leave me? . . .
Oh, why, brother!
A smoke-bing's better!

THE UNEMPLOYED
Utopia was in full bloom. The elections were over. The people's choice had, of course, won, as the right man was the only candidate and everybody voted for him. So the president invited the entire community to a grand ball after which refreshments, which agreed with everyone's digestion, were served.

There were no speeches for, you remember, this was Utopia, but after the meeting, the host arose and asked the assemblage if anyone present had a message for his fellow Utopians. Two members seemed restless, but when called upon demurred, saying that what they had to say were better said in private.

But the Chairman insisted that they be heard from, so the more sinister-looking of the two arose, he cleared his throat, hesitated, then spoke. A horrible shudder ran over the audience.

"We two," he declared, including his friend with a gesture, "are discontented."

The president did his best to calm the people and then demanded:
"What is your proposition?"
The speaker paused a moment and then, throwing back his head announced:
"I am a reformer."
"And your friend?"
"A newspaperman." Neither of us have anything to do.

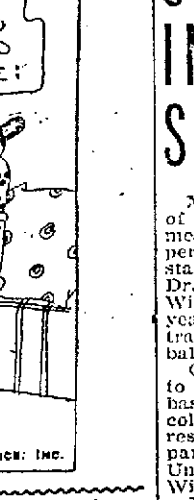

PROOF POSITIVE
A poor man just out of his teens acquired a pair of blue jeans. Everywhere he got credit. For the merchants all said "It means that the fellow has means."

WHERE WILL THIS DEMOCRACY END?
When it was originally built, a certain venerable church in Virginia had a section of the nave reserved and designated on the printed plan, "For the Gentry." Recently when a subscription was to be raised for certain repairs it was decided to sell the pews. But the energetic young man who undertook to raise the money declared that he could not go before the people and sell pews when the old plan made such a class distinction between the owners.

The elders of the church conferred a long time over the matter, finally yielded, and agreed to have a new plan printed.

When it appeared, instead of the word "Gentry," the reserved places in the Lord's house were marked "For the Most Respectable Citizens."

Shamrock To Meet Resolute; First Cup Race in 17 Years

New York, July 14.—The first race in 17 years for the America's cup will start tomorrow off Sandy Hook, the defending yacht being the cup defender Resolute, and the challenger Sir Thomas S. Lipton's Shamrock IV. It may be interesting at this time both to yachtsmen and to a great many who are not acquainted with this form of sport to read a few facts in connection with this historic yachting trophy.

Originally English

To begin with the America's Cup at first was not an international trophy. In fact it had no significance other than being a prize offered by the Royal Yacht squadron for a race around the Isle of Wight, England, which was open to all nations. In August 1851, the schooner yacht America, owned by Commodore John L. Stevens and four other members of the New York Yacht club, won this race and the cup became their property. Six years later, Commodore Stevens and his associates conveyed the prize to the New York Yacht club, in trust as a perpetual international trophy which has since been known as the America's cup, taking its name from the schooner yacht which won it in British waters.

First International

The first race for the America's cup, as an international prize, was held held August 8, 1870, over the regular course of the New York Yacht club in New York's lower bay. The challenging boat was Cambrin, owned by James Ashbury, of the Royal Yacht squadron. Eng. and the cup was defended by practically the whole fleet of the New York Yacht club. That, however, was the only race in which the challenger had to sail against a fleet and the only contest in which the issue was decided by a single race. Cambrin, finished tenth in the event, while the old America finished fourth, the race being won by Magic, the yacht club's finishing second.

Twelve Contests

In all there have been 12 contests for the cup, in the second of which

gain by continuing.

Just once in the history of the cup races has a competing yacht been disqualified. This was in the second race of the series of 1875 when Lord Dunsraven's Valkyrie III was disqualified for fouling Defender.

Columbia Fastest Defender

The fastest time ever made in a race for the America's cup is credited to the old schooner Columbia. On October 18, 1871, the day before she was defeated by Livonia, she sailed 20 miles leeward and 40 miles windward in all in 3 hours, 1 minute and 33 seconds. It must not be inferred, however, that the Columbia was the fastest yacht that ever sailed for the cup. There is no method of determining the relative speed of two or more boats other than by the results of a race in which they sail together. When Columbia made the fast time referred to undoubtedly the conditions of wind, weather and sea were most favorable.

The fastest time ever made on a 15 mile course straight away and return, 35 miles in all, is credited to a race in which they sail together. On October 13, 1893, she covered the course in 3 hours, 24 minutes and 29 seconds.

The farthest time in a triangular race for the cup was made by Columbia on October 3, 1891, the time for the distance, thirty miles, being 5:30:18.

PAYS \$125,000 FOR 2-YEAR OLD COLT

Aquaduct, N. Y., July 14.—The highest price ever paid for a 2-year old in this country was recorded when Sam Hildreth obtained In-chape, a chestnut colt by Phar Rock-Rose of Gold, for \$125,000 from J. H. Rossiter, California shipping magnate and breeder.

Memphis.—Bobby Jones of Atlanta with a score of 138 won low score honors in the qualifying round of the Western Golf association amateur tournament.

PUT FINAL TOUCHES ON RACING YACHTS

New York, July 14.—Forty men began sandpapering and oiling the bottom of the America's cup defender Resolute, immediately after she had been dry docked again yesterday at Staten Island.

"She looked pretty dirty from the oil and dirt collected from the bay," was the only explanation given by R. W. Emmens, managing owner of the yacht, of the fact that she had been hauled out after having just left one dry dock.

Shamrock IV also will be put in dry dock this evening and will be fitted with some new riggings. Her skipper hopes there will be a good breeze today to permit him to test this new equipment.

JONES CONTINUES LOW GOLF PLAYING

Memphis, July 14.—Bobby Jones, Atlanta youth, playing the same superb golf which enabled him to lower the course record of the Memphis Country club on Monday, on Tuesday won the low medal score in the tournament for the amateur championship of the Western Golf association, with 138. This is said to be the lowest card ever recorded in a western association qualifying round.

GELDING SETS NEW WORLD PACING MARK

Toledo, O., July 14.—A new world's record of three year old pacing geldings was hung up at the Fort Miami track when Rife Grenade, carrying the colors of the Len McDonald stable, paced the first mile in 2:06 1/4, cutting a quarter second off the record held by Direct the Work, made at Lexington two years ago.

King Watts, owned by George E. Dudley of Youngstown, O., and driven by Len McDonald, won The Teacumseh, 2:12 trot, \$5,000 stake. Alta Donovan, the favorite and winner of The Tavern "Steak" at North Randall, had to be contented with third money. Allie Ashbrook came through and won the last heat.

SHIFTS MADE IN COACHING STAFF OF U. W.

Madison, July 14.—The resignation of Maurice Kent as baseball coach means two important changes in the personnel of the athletic coaching staff at the University of Wisconsin. Dr. W. E. Meanwell will return to Wisconsin to coach basketball next year, and Coach Guy S. Lowman will transfer his activities from basketball to baseball.

Coach Kent is leaving Wisconsin to become coach of baseball and basketball at Iowa State Agricultural college at Ames, Ia. Dr. Meanwell is resigning the directorship of the department of physical education at the University of Missouri, to return to Wisconsin.

In addition to his duties as basketball coach, Dr. Meanwell will act as medical advisor of all Badger athletic teams. The re-establishment of rowing and increasing number of men engaging in athletics has made it advisable to create this new office.
